

# Mural Design Contest !

## Content/Function of Mural:

The proposed mural is located at the west end of “main street” in the market, and will be a focal point for shoppers as they enter from the main entry off Bancroft Street. It will be approx 18’ wide by 10’ tall. The mural will serve as a background for the temporary stage, set up for special purposes. The mural follows the spirit of the WPA commissioned art pieces from the 1930’s. Intended to be “communicative”, the mural could reflect ideas, values, concepts such as:

- Community
- The “new” economy
- The “old” economy
- Fairhope
- Sustainability
- Local Freshness
- The “Market”

It is envisioned the mural will be a “conversation piece”, inviting folks to spend several minutes contemplating the message on multiple visits.

**Deadline September 23, 2009 5pm**

**Info ? Gina Walcott @ 251- 680- 8735**

## Guidelines:
